

## CENTURY® REPLACEMENT PUMP MOTORS For Hayward Northstar™ Pumps

### Features:

- Ball Bearing
- Class B Insulation
- Open Drip Proof
- Switchless
- 50°C Ambient
- 60 Hz
- Threaded Shaft
- E-Coated Main Frame for Superior Corrosion Resistance

**NEMA C-Face • Drip-proof • No Base • 60 Hz • Energy Efficient**

### Important:

1. Total output (HP x service factor) of replacement motor must equal or exceed motor being replaced.
2. The pool motors on this page are **NOT equipped with a Safety Vacuum Release System (SVRS)**. SVRS helps prevent drowning due to body entrapment on underwater drains. In some pool configurations, if a person's body covers the drain, the person can be trapped by suction. The SVRS turns off the pump if this occurs.

**⚠ WARNING** Depending on your pool configuration, a SVRS may be required to meet local, state, and federal requirements.
